# Rental E-bike and Bicycles

Together with the standard electrical and traditional bicycles you see here, we also provide Road bicycles and Mountain Bike, traditionally driven or pedelec models, **with carbon frames and high-end features**.

In order to be signed the **rental contract**, you need to provide us with a copy of your valid I.D.

For service on **weekends or on Italian public holidays**, we guarantee the availability of delivery and collection of bicycles according to the demands and agreements.

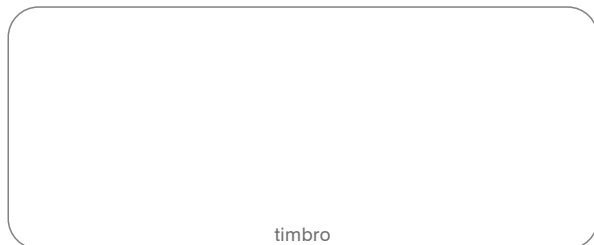

We have available helmets, bags, smartphone bike custodies, that we can rent at very convenient prices. Flat tire kit, anti-burglar system and e-bike accessories are included in the rental fee.

Available a **Mercedes Vito van** for baggage transport, technical support during the journey, for assistance and more. We can deliver the bicycles at your hotel or "agriturismo" at a reasonable rate, that varies according to the distance of your accomodation from Siena.

We have ready **printed information and electronic tours**, on road or out, to install into the tablet or smartphone of our customers.

We can introduce you **guides on bike**, together you, or **guides van drivers** for wine, shopping and old towns tours.

Our **bikes are new** and have all been bought in 2016.
